Greater Baton Rouge MLS Area Average Sales Price of Attached Homes

■ Average Sales Price

Greater Baton Rouge MLS Area Attached Homes - Sales and DOM

Projections for 2009 / 2010

- New Subdivision Development
 - Will be nonexistent in 2009
 - The only new lot inventory will come in the form of filings in existing development
- Home Inventory
 - Prices should continue to hold as market conditions improve
 - Sales will continue at the current rates (interest rates must remain at present levels)
 - Inventories should continue to be absorbed and reach an average of 6 to 7 months by Trends next year
 - Speculative construction will be slow
- Lot Inventory will be absorbed
 - Very little is proposed for 2009
 - Financing is difficult to obtain for proposed subdivisions
 - Lot prices will be stable or slightly lower
 - Trend to more bulk sales

Predictions 2009

- New subdivision will be nonexistent --- only new filings of existing subdivisions. Correct
- Prices should hold as conditions improve. Incorrect, average sale price fell by 5.34%
- Sales would continue at current rates. Incorrect, rate of sales fell by Close 3.03%
- Inventories should continue to be absorbed and reach an average month inventory of 6-7 months. Close 7.45 mtsp
- Lot inventory would be absorbed and a trend toward more bulk sales. Correct
